CURRICULUM VITAE

Rahul Kumar

B.Tech (Electronics & Communication Engineering),
Bharat Institute of Technology, Meerut (U.P), India.

Cell Number
+91-9801760747
+91-9667338333

E-mail ID
kumarrahulr004@gmail.com

Father's Name
Mr. Shambhu Kumar

Mother's Name
Mrs. Vina Devi

Permanent Address

Sonbarsha (jhalari tola)
Bihpur Bhagalpur, Bihar
853201

Personal Data
Date of Birth: 15th June,1996
Nationality: Indian

Area of Interest

- Circuit Designing
- PCB Designer
- Embedded Systems
- Raspberry
- Website
- Networking

Hobbies

- Listening music
- technology movies
- Playing Volleyball
- Watching inspirational movies

Language Known

- English
- Hindi

Carrer Objective

A hard working Team Lead who can performs and delegates all multiple duties in a respectful and professional manner. Managing the team for the goal of the company.Motivating team towards the agenda of our work.

Branch of Study

Electronics And Communication Engineering

Work Experience

Wesee MOD (Indian Navy) :- (1th July 2022 to till Now) Currently associated with WESEE - Weapons & electronics systems engineering Establishment (MoD), Payroll of Safest world As a Hardwere engineer in Defence.

- Microcontroller Device testing and troubleshoot eg. Interface device
- FPGA device testing
- Indian Navy ships interface and integrations for one device to other device .
- System Integration on board naval warships of various Radar, Weapons (FCS) & sensors and overall overseeing of system integration onboard Naval Warships at Naval Dockyard (MUMBAI)
- Collaborated with different stakeholders (including Mazgaon Dock Shipbuilders Ltd, Israel Aerospace Industries, Bharat electronics limited, Warship Overseeing Team) during early project stages for developing effective strategies of implementation.
- Integration of Navigational sensor, Radar, Weapon, communication and combat systems onboard Indian Navy Ships. • Liaising with OEMs and subcontractors to achieve requirements and execution of project plans respectively to meet desired milestones.
- Analysis and planning of new system integration onboard IN Ships • External interfacing of systems such as GPS, MF-STAR, RLG, LOG, CMS with SDN network
- Experience in card level testing, system level testing and field level testing.
- Testing, Troubleshooting and Maintenance of the Naval equipment
- Provide support to OEMs and Navy officers to carry out STW (Setting to work), HATs (Harbor Acceptance test) and SATs (Sea Acceptance Test)

❖ **Sidwal Refrigeration Industries Limited(24th April 2021to24th June 2022)**
Hardware Engineering

- Working on hardware drivers to testing each of them.
- Microcontroller Device testing and troubleshoot eg. LHB ,MRS ,NSR, RAILTRL AND MIRGRADE etc.
- Papper working with excel, word and ERP
- Knowledge of electronics component
- Working on hardware deivers to testing each of them

❖ **Dyfo Automation Private Limited**(12th Jul '2019–30thsep 2020)
Hardware Engineering

- Working on hardware drivers to update circuits & testing each of them.
- Working on PCB Design in Altium Designer
- Worked on Smart Mirror ,wireless Camera and Door lock Automated
- Supporting field team for the fault correction and verifying installation.
- New Development circuit IR blaster , Demmer,smart home device and smart mirror
- Working on Raspberry Pi3, Pi4 and Pi zero

Key Skill Proficiency

- Knowledge of Basic Excel, Vlookup, Hlookup, Graphical representation, Power Point, MS word.Basic
- Basic knowledge of Networking and Hardwear
- Hardworking as well as dedicated person.
- Knowledge in PCB designing EasyEDA and Altium Designer
- Basic Knowledge of Java Script,MySQL, SQL, Python and C/C++
- Good working in Raspberry pi zero,pi3,pi4
- Self motivated and trust worthy. Disciplined and have good timemanagement skills.

Training

- Title : Embedded System with IOT
- Duration : 6 weeks (july, 2018 – August, 2018)
- Company : Av Analog

- Title : Embedded System and ROBOTICS
- Duration : 10 days (21st August, 2017 – 1st Sptember,2017)
- Company : Ritusha Computers Pvt Ltd, Noida.
- Institute : Bharat Institute of Technology, Meerut.

- Title : C , C++ **(Elementary)**
- Duration : 10 days(22th August , 2016 – 2nd September,2016)
- Company : Ritusha Computers Pvt Ltd, Noida.
- Institute : Bharat Institute of Technology, Meerut

Project

- **Smart Drone**
  A drone with GPS stabilization, Smart camera with live footage and auto landing.
- **Smart Home**
  An IoT based smart home automation using Raspberry Pi
- **Agricultural**
  An iot based smart agricultural automation using gsm module and Atmega 328

Achivements

- Participated in "Athletics" at Zonal Level and won the Gold medal.
- Participated in "Athletics" at State level and won the Silver medal.
- Bagged Silver Medal in 4 X 400metre during Josh 2K18 at Bharat Institute of Technology, Meerut.
- Bagged Bronze Medal in 4 X 100 meter race during Josh 2K18 at Bharat Institute of Technology, Meerut.

Extra Curriculum Activities

- Participated in **Robotics** at Zonal Level held at B.I.T Meerut got 2nd Prize.
- Participated in **Robotics** held at B.I.T Meerut got 2nd Prize.

Position of Responsibilities

- Deputed as **Circuit Debugging Trainer** at B.I.T Meerut.
- Deputed as **Robotics Trainer** at B.I.T Meerut

Declaration

I hereby declare that the above information is correct to the best of my knowledge and belief.

Date : 30th March 2024

Place : Mumbai **(Rahul Kumar)**
